

Requests Based on the Quasi-Emergency (Pre-Emergency) measures

- ① Area : Entire Osaka Prefecture
- ② Period : January 27 to February 20, 2022
- ③ Measures: Described below:

● Calling on residents (Based on the relevant law)

- Refrain from going out/traveling to places with a high infection risk or crowded places
- Refrain from going to restaurants after shortened business hours
- Obey four rules of dining:
 - Dine in a group of four or less at one table
 - Dine within around two hours
 - Use restaurants that have a Gold Sticker
 - Wear a mask while dining*

*This is not applied if diseases, etc. make wearing a mask difficult.

- Take thorough infection prevention measures (avoiding the ****Three Cs**, wearing a mask, washing your hands, ventilating frequently, etc.)
- Refrain from non-urgent travel between prefectures as much as possible (except when all the relating people have tested negative)
- If you have any symptoms, be tested as soon as possible. Those who have no symptoms but feel anxiety of infection are also highly recommended to be tested (charge-free).
- Refrain from using restaurants that don't take thorough infection prevention measures

● Requests to universities, etc. (Based on the relevant law)

- **Thoroughly inform students that they must refrain from coming to school and attending any activities if they have any symptoms such as fever.**
- **Inform students that they must refrain from joining club or other activities (a camp, etc.) that have a high risk of infection and dining before/after the activity (except when all the relating people are to be tested)**
- **Inform students that they must refrain from joining a drinking party at their/their friend's house or dining with a large number of people**

- Manage to balance the infection prevention and the securing of learning opportunities through the effective combination of in-person lessons and online lessons.
- Thoroughly make students be aware of infection prevention measures in their dormitory

● Requests to the economic community (Based on the relevant law)

- **Promote policies to reduce human contact such as teleworking, staggered working hours and bike-commuting**
- **Refrain from conversation without a mask in the places such as a resting room, a smoking room and a locker room.**
- **Businesses that conduct essential operations to secure the stability of the people's lives and the national economy, as well as businesses that support these operations*, should check their business continuity plan (BCP) and continue necessary operations (request not based on the law)**

***Examples)**

- Medical facilities (hospitals, pharmacies, etc.)
- Life support-related facilities (long-term care facilities, support facilities for people with disabilities)
- Infrastructure-related businesses (electricity, gas, etc.)
- Food and beverage supply-related businesses (food and beverage distributors, online shops)
- Daily necessity supply-related businesses (household commodity distributors, online shops)
- Home delivery/take-out shops, retailers of daily necessities (department stores, super markets, convenience stores, etc.)
- Daily essential services (hotels/lodging facilities, public bathing facilities, barbers/hair salons)
- Financial services (banks, credit card and other payment services)
- Logistic/transportation services (railways, bus/taxi/truck operations, air companies, post services, etc.)
- Services related to child-rearing (child welfare facilities such as nurseries, after-school nurseries, etc.)

- **Give consideration to allow teleworking or staggered working hours to the following employees:**
 - Employees who have a risk of aggravation (such as a senior citizen or with underlying diseases), who are pregnant.
 - Employees who have a family member as stated above.
- **Comply with guidelines of each industry**

● Holding events (including ones hosted (co-hosted) by Osaka Prefecture (based on the relevant law)

➤ Request event organizers to impose the following restrictions on the events held in entire Osaka Prefecture

< When tickets have already gone on sale, only those sold by January 28 don't need to be canceled even if the following conditions are not met, >

	(A)Events with an Infection Prevention Safety Plan *2	(B)Other events (Without an Infection Prevention Safety Plan)
(1) Maximum number of people *1	Up to 20,000 (Adding to the full capacity is allowed if all the participants are tested *3)	5,000
(2) Capacity ratio *1	100% *4	Without loud voice : 100% With loud voice : 50% *5

Organizers are requested to:

◆Submit an Infection Prevention Safety Plan to Osaka Prefecture at least before two weeks of the event

◆When organizing “Other events (without an Infection Prevention Safety Plan)

Make a checklist of infection prevention measures in line with the format set by Osaka Prefecture and present it on the website, etc.

Keep the checklist for one year counting from the day the event finished

◆Take thorough infection tracing measures such as using “COCOA” (the national government’s contact confirming App) or Osaka COVID-19 Tracing System, or making a participant list

* 1 Need to meet the smaller one of (1) or (2) (need to meet the both conditions); When the full capacity is not set: -With loud voice: Keep enough distance between people (hopefully 2m, at least 1m) –Without loud voice: Keep distance that can prevent people from touching each other

* 2 Applied to the events that have 5,000 or more participants

* 3 The number of people that exceeds upper limit (2000) are to be confirmed negative. Organizers that wish to apply for the relaxation of behavioral restrictions through testing all participants need to register with Osaka Prefecture.

* 4 At the events categorized (A), “without loud voice” must be secured.

* 5 “With loud voice” is defined as follows: Spectators, etc. continue and repeat to utter in a louder voice than usual.

* 6 Food and beverages can be offered between 5:00 am and 9:00 pm.

(Alcohol, including those brought in by participants, can be offered between 11:00 am and 8:30 pm.)

These are allowed under the conditions that organizers take infection prevention measures depending on the event styles such as:

- Complying with guidelines of each industry
- Accepting only a group of four or less people at one table
